

Dr Ambedkar Jayanthi: 14-04-2017

Celebrated on April 14 every year, Ambedkar Jayanti or Bhim Jayanti marks the birth anniversary of Dr Bhimrao Ambedkar or BR Ambedkar - a social reformer, economist and jurist - who gave India its Constitution. Fondly called Baba Saheb, Ambedkar campaigned against social discrimination against untouchables and also supported the rights of women and labourers. He was the force behind the Dalit Buddhist Movement in India. For this reason, he is revered as a Dalit icon. "I measure the progress of a community by the degree of progress which women have achieved," Dr Ambedkar had said, as quoted in The Ultimate Book of Quotations. In 1990, Ambedkar was posthumously conferred with Bharat Ratna, India's highest civilian award.

AAROHAN STEPS- 25-02-2018

According to a survey everyday India sees 10 suicides related to drug abuse, Kids hear about drugs everywhere: on TV, radio, news, online, music and movies; and sometimes even on the street or on the playground. The teen years are the most likely time for someone to start trying drugs. And starting drug use as a teen can lead to drug problems when they grow up.

The incidence of drug abuse among children and adolescents is higher than the general population. This is notably because youth is a time for experimentation and identity forming. In India an NGO survey revealed that 63.6 % of patients coming in for treatment were introduced to drugs at a young age below 15 years. There are very few to no health centers that deal with child substance abuse problems, especially in the rural areas. The use of tobacco is another major concern among children. In India 20 million children a year and nearly 55,000 children a day are drawn into a tobacco addiction. The number is shocking when compared to the 3000 a day new child smokers in the US.

A small step towards tackling the above issue we NSS KSIT supported team Aarohan to organize a walkathon for all the college students along with our police to create awareness. Our Bangalore city police along with the entire team supported all the participants to say **NO TO DRUGS**.
