Dear Respected Dr. Ranjana Jain Madam,

At the outset, warm greetings from me and the entire team at Seventh Sense Talent Solutions. The details of the TCS Specific training, we have conducted for **7th Semester Engineering students** of **Kammavari Sangha Institute of Technology, Bengaluru** are furnished in this document.

DATES FOR THE PROGRAM:

27th , 28th and 29th of July for the year **2019**.

TOPICS COVERED DURING THE TRAINING PROGRAM:

Day	Topics covered	Trainers' names
27/07/2019 + 28/07/2019 + 29/07/2019	C Programming + Coding	Krishna Bhai
	Ratios and Proportions + Percentages + Profit and Loss + Averages + Numbers + Mixtures and Alligations + Geometry	Logeshwaran + Bhargavi
	Probability + Permutation and Combinations + Time and Work + Time, Speed and Distances + Functions + Algebra	Rohit Bushan + Rohit Bhat

PURPOSE OF THE TRAINING PROGRAM:

- Our Training program would assist the students-keeping their placements in mind, by crafting a captivating interpersonal skill, along with strong responses to both behavioural and technical interview questions.
- Fine tuning of the student's attitude to learning, motives, values and deal with different situations responsibly and diligently, also makes them a good predictor of academic success.
- This training program helps them leverage their most marketable-and transferable-skills to new career paths and types of work.
- Our training would help students to set inspiring but realistic goals in their professional life.

PICTURES CAPTURED DURING THE TRAINING SESSIONS

It was delighting to see that most of the students had put in their best efforts to crack the mock selection process. Though the HRs found repetitive improvement factors in the students' performance, the effort put in is well appreciated.

By far, the largest improvement factor noted by the HRs is Speed in the problem solving process, Application of logic to solve higher level Questions, communication which includes choice of words, voice modulation, sentence construction, gap fillers & grammatical correctness. The second improvement factor to be noted by the HRs is eye contact & confidence display.

It is our understanding that if these aspects are taken care of by the students, they will be able to showcase their thoughts in far more effective manner.

Dear Dr Ranjana Jain Madam,

At the outset, warm greetings from me and the entire team at Seventh Sense Talent Solutions. The details of the assessment test we have conducted for **7th semester engineering students** of **KAMMAVARI SANGHAM INSTITUTE OF TECHNOLOGY** are furnished in this document.

Test Sense – our online learning and testing portal.

Our '**Online Learning Portal**' – **Test Sense** enables us to provide continuous inputs to the students throughout the year and additional practice exercises to keep them sharp

Test Sense gives us complete control over the ability to customize the tests depending on the need of the college and students.

Test Sense will enable students to clear the written rounds of companies by enabling students to:

Experience actual **written rounds of companies like Infosys, Wipro, Accenture, Deloitte, TCS, CTS, Goldman Sachs, Northern Trust and many more** (around 10 company pattern tests etc. for each **Focus 5 company**) and many more in actual test conditions

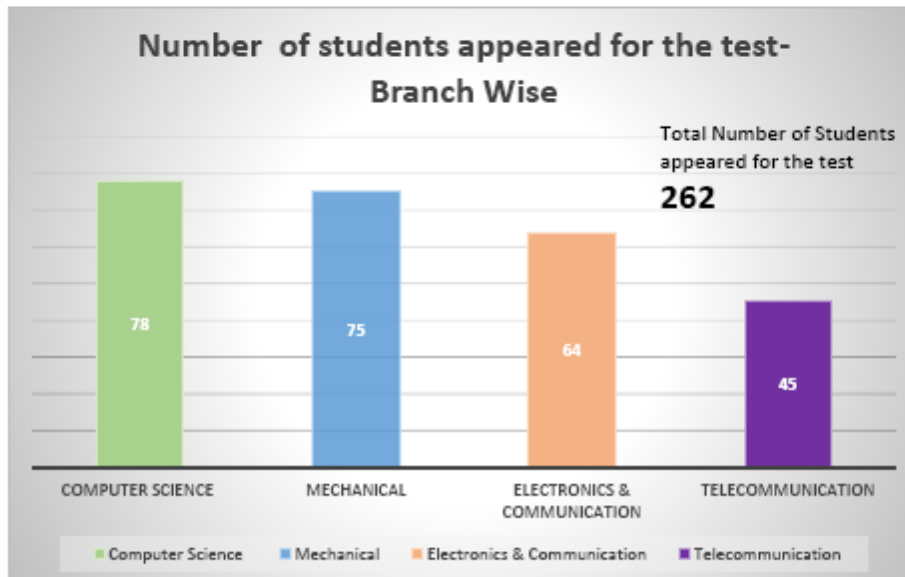

- o Practise with full length mock tests
- o **Scoring and analysis of the test is instant and detailed** giving students an opportunity to evaluate their:
 - Sectional performance
 - Overall performance
 - Ranking
 - Accuracy
 - Answer keys and
 - Understand solutions
 - Know about areas of improvement and how to improve

This ensures students have a continuous learning platform and are in touch with industry requirements without any logistical or monetary burden on the college.

Please refer www.sevethsensetest.com for more information.

PICTURES CAPTURED DURING THE TRAINING SESSIONS

It was delighting to see that most of the students had put in their best efforts to crack the mock selection process. Though the HRs found repetitive improvement factors in the students' performance, the effort put in is well appreciated.

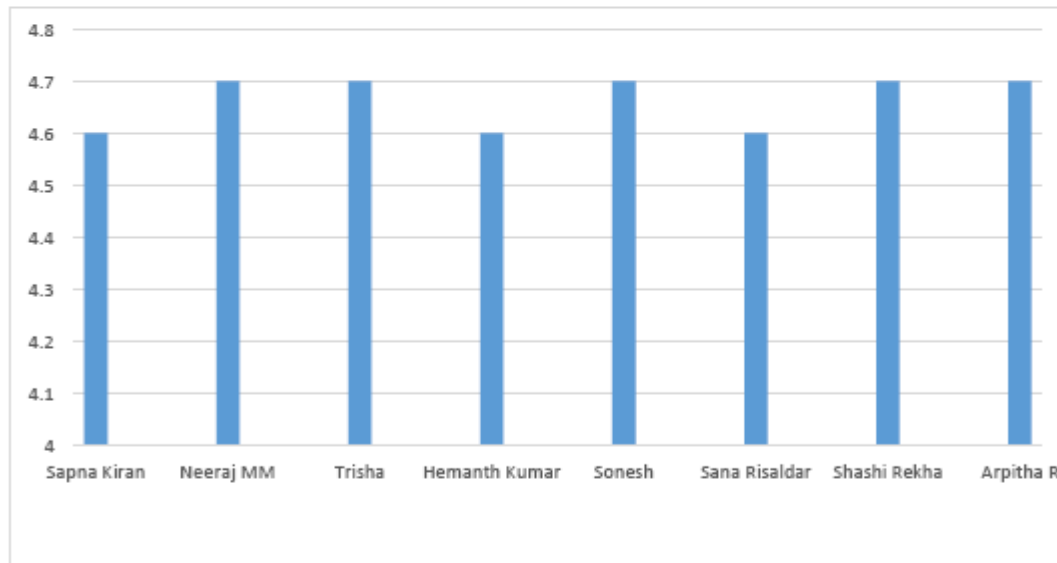

By far, the largest improvement factor noted by the HRs is Speed in the problem solving process, Application of logic to solve higher level Questions, communication which includes choice of words, voice modulation, sentence construction, gap fillers & grammatical correctness. The second improvement factor to be noted by the HRs is eye contact & confidence display.

It is our understanding that if these aspects are taken care of by the students, they will be able to showcase their thoughts in far more effective manner.

Parameters on which students rate the trainers:

- Coverage of concept

Dear Dr Ranjana Jain Madam,

At the outset, warm greetings from me and the entire team at Seventh Sense Talent Solutions. The details of the assessment test we have conducted for **5th semester engineering students** of **KAMMAVARI SANGHAM INSTITUTE OF TECHNOLOGY** are furnished in this document.

Test Sense – our online learning and testing portal.

Our '**Online Learning Portal**' – **Test Sense** enables us to provide continuous inputs to the students throughout the year and additional practice exercises to keep them sharp

Test Sense gives us complete control over the ability to customize the tests depending on the need of the college and students.

Test Sense will enable students to clear the written rounds of companies by enabling students to:

Experience actual **written rounds of companies like Infosys, Wipro, Accenture, Deloitte, TCS, CTS, Goldman Sachs, Northern Trust and many more** (around 10 company pattern tests etc. for each **Focus 5 company**) and many more in actual test conditions

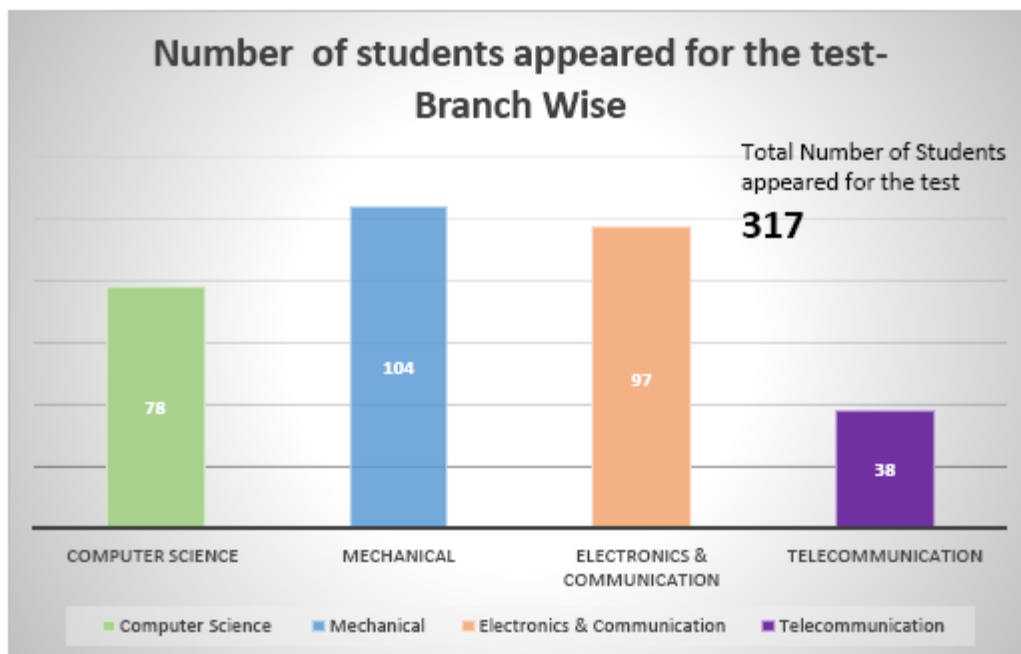

- Practise with full length mock tests
- **Scoring and analysis of the test is instant and detailed** giving students an opportunity to evaluate their:
 - Sectional performance
 - Overall performance
 - Ranking
 - Accuracy
 - Answer keys and
 - Understand solutions
 - Know about areas of improvement and how to improve

This ensures students have a continuous learning platform and are in touch with industry requirements without any logistical or monetary burden on the college.

Please refer www.seventhsensetest.com for more information.

PURPOSE OF THE TRAINING PROGRAM:

- Our Training program would assist the students-keeping their placements in mind, by crafting a captivating interpersonal skill, along with strong responses to both behavioural and technical interview questions.
- Fine tuning of the student's attitude to learning, motives, values and deal with different situations responsibly and diligently, also makes them a good predictor of academic success.
- This training program helps them leverage their most marketable-and transferable-skills to new career paths and types of work.
- Our training would help students to set inspiring but realistic goals in their professional life.

PICTURES CAPTURED DURING THE TRAINING SESSIONS

It was delighting to see that most of the students had put in their best efforts to crack the mock selection process. Though the HRs found repetitive improvement factors in the students' performance, the effort put in is well appreciated.

By far, the largest improvement factor noted by the HRs is Speed in the problem solving process, Application of logic to solve higher level Questions, communication which includes choice of words, voice modulation, sentence construction, gap fillers & grammatical correctness. The second improvement factor to be noted by the HRs is eye contact & confidence display.

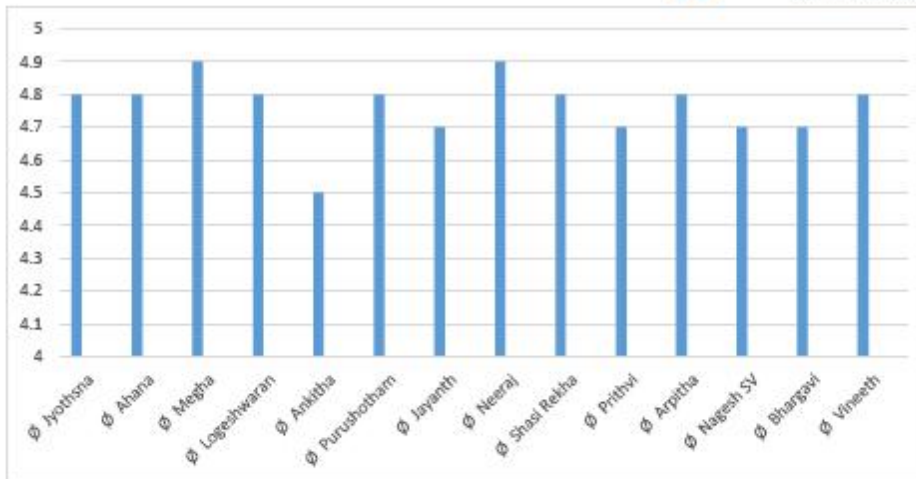

It is our understanding that if these aspects are taken care of by the students, they will be able to showcase their thoughts in far more effective manner.

Dear Dr Ranjana Jain Madam,

At the outset, warm greetings from me and the entire team at Seventh Sense Talent Solutions. The details of the assessment test we have conducted for **3rd semester engineering students** of **KAMMAVARI SANGHAM INSTITUTE OF TECHNOLOGY** are furnished in this document.

Test Sense – our online learning and testing portal.

Our '**Online Learning Portal**' – **Test Sense** enables us to provide continuous inputs to the students throughout the year and additional practice exercises to keep them sharp

Test Sense gives us complete control over the ability to customize the tests depending on the need of the college and students.

Test Sense will enable students to clear the written rounds of companies by enabling students to:

Experience actual **written rounds of companies like Infosys, Wipro, Accenture, Deloitte, TCS, CTS, Goldman Sachs, Northern Trust and many more** (around 10 company pattern tests etc. for each **Focus 5 company**) and many more in actual test conditions

- Practise with full length mock tests
- **Scoring and analysis of the test is instant and detailed** giving students an opportunity to evaluate their:
 - Sectional performance
 - Overall performance
 - Ranking
 - Accuracy
 - Answer keys and
 - Understand solutions
 - Know about areas of improvement and how to improve

This ensures students have a continuous learning platform and are in touch with industry requirements without any logistical or monetary burden on the college.

Please refer www.seventhsensetest.com for more information.

PURPOSE OF THE TRAINING PROGRAM:

- Our Training program would assist the students-keeping their placements in mind, by crafting a captivating interpersonal skill, along with strong responses to both behavioural and technical interview questions.
- Fine tuning of the student's attitude to learning, motives, values and deal with different situations responsibly and diligently, also makes them a good predictor of academic success.
- This training program helps them leverage their most marketable-and transferable-skills to new career paths and types of work.
- Our training would help students to set inspiring but realistic goals in their professional life.

PICTURES CAPTURED DURING THE TRAINING SESSIONS

It was delighting to see that most of the students had put in their best efforts to crack the mock selection process. Though the HRs found repetitive improvement factors in the students' performance, the effort put in is well appreciated.

By far, the largest improvement factor noted by the HRs is Speed in the problem solving process, Application of logic to solve higher level Questions, communication which includes choice of words, voice modulation, sentence construction, gap fillers & grammatical correctness. The second improvement factor to be noted by the HRs is eye contact & confidence display.

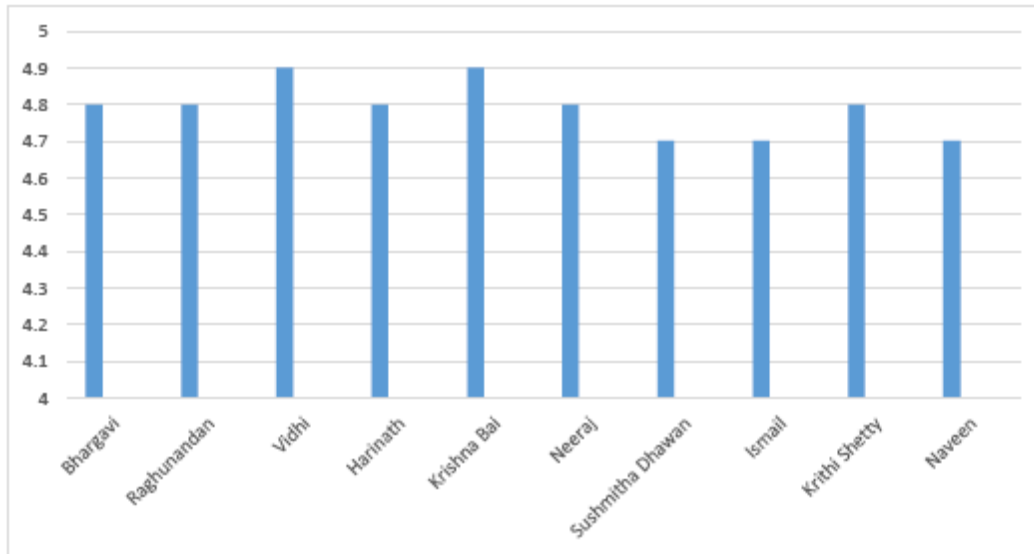

It is our understanding that if these aspects are taken care of by the students, they will be able to showcase their thoughts in far more effective manner.

- 3** MODULE FEEDBACK 
- 4** YOUR PERSONALITY 
- 5** YOUR INDUSTRY AND JOB FIT 
- 6** IMPROVE YOUR EMPLOYABILITY 
- 7** NEXT STEP 

Chapter I. READING YOUR REPORT

You must be having a lot of questions about your skills, personality and employability. **AMCAT Employability Report** will not only help answer these questions, but will become your guide for deciding next steps on your career path. It will tell you what to study, what interviews to prepare for and how to prepare. Refer to the following tips to understand how to make this report a means to get closer to your dream job.

- ❖ Start by referring to the '**YOUR AMCAT SCORE SUMMARY**' chapter of your report. This chapter has all the key highlights for you. You will get to know where you stand nationally in different AMCAT modules, a snapshot of your personality and your employability in different job profiles and sectors. The summary chapter is the key. You should understand everything in it to know where you stand in the job market. For each section in the summary chapter, we mention the chapter having additional information about the section. Wherever you are unable to understand or want more information, refer to the respective chapter.
- ❖ The chapter '**Your Profile and Industry Fit**' is very important. The following tips will help you use it to make an action plan for next few months:
 - a. For profiles where your employability is high, you should start refreshing your knowledge for an interview for them. You may soon get interview calls for these.
 - b. You might find certain profiles where you have high employability, but are not the ones that interest you or you know much about. We will seriously recommend that you explore more about these profiles, find information about them and re-evaluate your interest. These can provide you an interesting career path which you may not have considered till now.
 - c. For those profiles where your employability is medium/low but interest you, understand your skill gap and start studying to improve on these areas. You may get an interview call for some of these, but you will have to work really hard to clear the interview. To increase your chances to get interview calls in such profiles, you should improve on your skills and re-take AMCAT after three months. The modules you should concentrate on for a profile is mentioned in the **chapter V**. A better AMCAT score can improve your interview chance in these profiles.
- ❖ Finally, this report can guide you on how to improve your weak areas. Refer to **Chapter III** to know within each module, which sub-modules you need to particularly improve. Work on these. Refer to **Chapter VI** to not only get helpful references to improve your weak areas, but also get a time schedule you can use.

Your Action Plan

INTEREST			
	HIGH	MEDIUM/LOW	
Employability	HIGH	Prepare for interviews for these profiles. Check out references from Chapter VI.	Gather more information about profiles and re-evaluate your interest. If you find that they may interest you, start preparing for their interviews.
	MEDIUM/LOW	Start working to improve on AMCAT modules required for the profile. Re-take AMCAT after three months to improve your chances of interview opportunity.	Low priority at this point.

We hope you will immediately start working on this action plan to succeed in interviews and position yourself to get interview calls for your profiles of interest. Best of luck!

Words for life

Once upon a time a very strong woodcutter asked for a job with a timber merchant, and he got it.

The salary was really good and so were the work conditions. For that reason, the woodcutter was determined to do his best. His boss gave him an axe and showed him the area where he was supposed to work. The first day, the woodcutter brought 18 trees "Congratulations," the boss said. "Go on that way!"

Very motivated by the boss' words, the woodcutter tried harder the next day, but could bring 15 trees only.

The third day he tried even harder, but could bring 10 trees only.

Day after day he was bringing less and less trees. "I must be losing my strength", the woodcutter thought.

He went to the boss and apologized, saying that he could not understand what was going on.

"When was the last time you sharpened your axe?" the boss asked. "Sharpen? I had no time to sharpen my axe. I have been very busy trying to cut trees..."

AMCAT Modules and Syllabus

AMCAT tests students from different fields in various domains with the help of an in-depth micro analysis in each domain.

The test consists of various sections/modules which you can choose according to your profile or education background. There are certain modules which are compulsory for everyone (*Language and Aptitude Modules*), whereas others are optional. **During the test, you will be given an option to select any two domain specific modules. It is recommended to that you go through the module description and befitting job profiles before you go to take the AMCAT.** Your choice of modules increases your visibility for particular kind of jobs, for instance, if you take the Programming Module, you will be visible to more IT companies whereas taking a HR module will help you find HR profiles. It is best for you to go through the module list now and decide which optional modules you would like to take.

Provided below is the list of all the modules that you can take in AMCAT, the broad topics that a module would cover, relevant job profiles, number of questions, duration and some sample questions for each module.

ENGLISH

The module evaluates written English skills and is aimed at determining the candidate's ability to understand (a) the written text (b) the spoken word and (c) the ability to communicate effectively through written documents.

Befitting Job Functions/Profiles: This module will be relevant for almost all profiles such as Business Consulting, HR/Admin, iTeS/BPO, Marketing, Engineering, Sales and Customer Management, IT, Hotel Management, Life Sciences, Content Development, etc.

Dear Dr Ranjana Jain Madam,

At the outset, warm greetings from me and the entire team at Seventh Sense Talent Solutions. The details of the assessment test we have conducted for **3rd semester engineering students** of **KAMMAVARI SANGHAM INSTITUTE OF TECHNOLOGY** are furnished in this document.

Test Sense – our online learning and testing portal.

Our '**Online Learning Portal**' – **Test Sense** enables us to provide continuous inputs to the students throughout the year and additional practice exercises to keep them sharp. **Test Sense** gives us complete control over the ability to customize the tests depending on the need of the college and students.

Test Sense will enable students to clear the written rounds of companies by enabling students to:

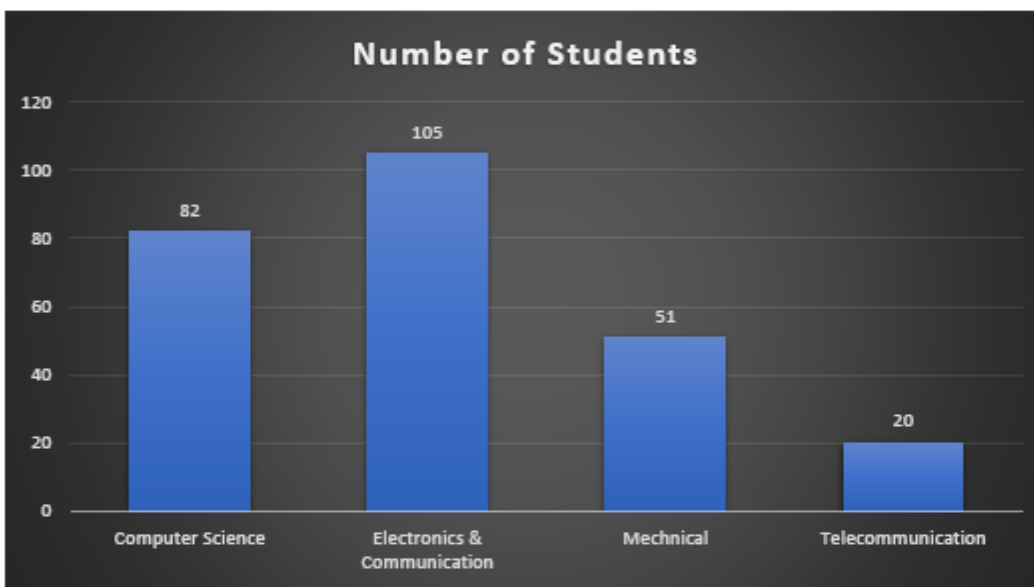

Experience actual **written rounds of companies like Infosys, Wipro, Accenture, Deloitte, TCS, CTS, Goldman Sachs, Northern Trust and many more** (around 10 company pattern tests etc. for each **Focus 5 company**) and many more in actual test conditions

- Practise with full length mock tests
- **Scoring and analysis of the test is instant and detailed** giving students an opportunity to evaluate their:
 - Sectional performance
 - Overall performance
 - Ranking
 - Accuracy
 - Answer keys and
 - Understand solutions
 - Know about areas of improvement and how to improve

This ensures students have a continuous learning platform and are in touch with industry requirements without any logistical or monetary burden on the college.

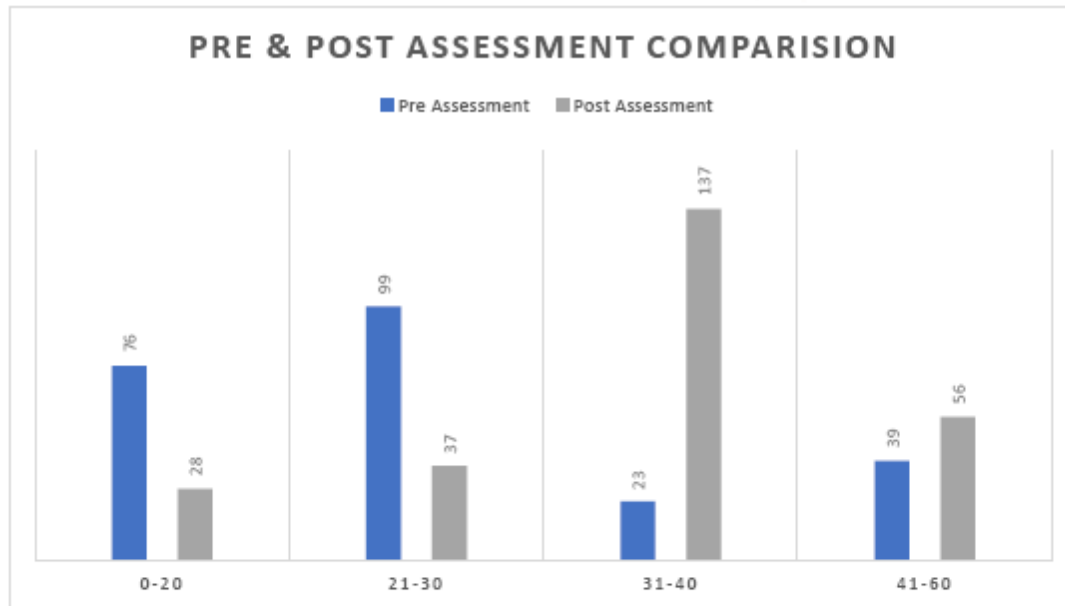

Please refer www.seventhsensetest.com for more information.

Test Taken – Branch wise		
1	Computer Science	82
2	Electronics & Communication	105
3	Mechanical	51
4	Telecommunication	20
Total		258

The assessment was conducted on the following topics in Aptitude:

Quantitative Aptitude	Logical Reasoning	Verbal Ability
Number System Time, Speed and Distance Ratio, Proportion & Partnership Averages Percentages Profit and Loss Time and Work Permutation and Combination Probability Data Interpretation Ages Simple and Compound Interest	Number Series Blood Relations Letter Series Seating Arrangement Data Arrangement Analogy Coding and Decoding Syllogisms Direction Sense Test Clocks	Comprehension Sentence Correction Closet Test Change of Speech Change of Voice Ordering of Sentences

Areas of Improvement:

- Should get thorough with tables, squares, cubes. Revise divisibility rules, factorisation techniques.
- HCF LCM is very imp for fraction operations and many word problems.
- Memorize percentage conversions.
- Learn allegation rule., ratio proportion.
- Learn algebra, geometry formulae.
- All these small things will make big impact on your maths preparation. The Students numerical common sense will improve, It will also help in maths based reasoning questions.
- Don't just learn the procedure of solving examples, learn the applications
- Make it a daily routine to cover one topic. When you 10 examples are solved the brain starts thinking in exact direction and next 10 problems will become smooth.

The students were very co-operative and enthusiastic to learn. We would like to thank the Placement Department and the Management Team of **Kammavari Sangham Institute of Technology**, for giving us this opportunity.

Our '**Online Learning Portal**' – **Test Sense** enables us to provide continuous inputs to the students throughout the year and additional practice exercises to keep them sharp. **Test Sense** gives us complete control over the ability to customize the tests depending on the need of the college and students.

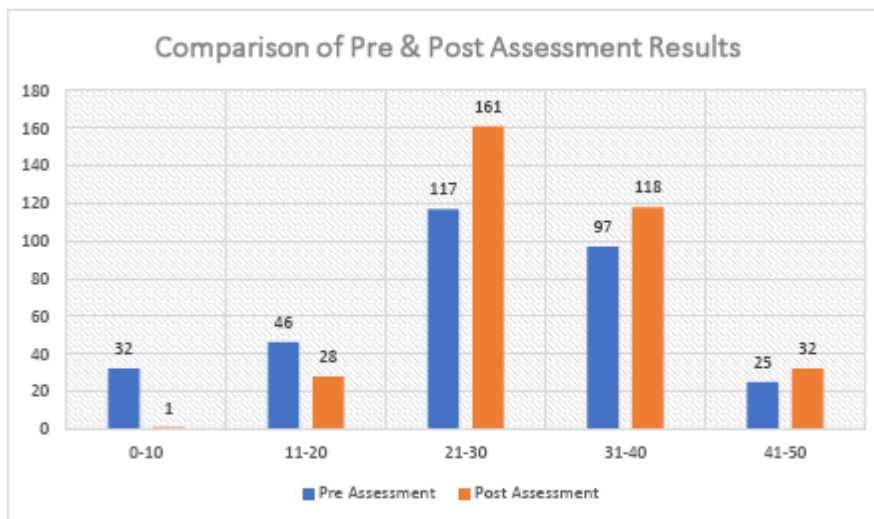

Test Sense will enable students to clear the written rounds of companies by enabling students to:

Experience actual **written rounds of companies like Infosys, Wipro, Accenture, Deloitte, TCS, CTS, Goldman Sachs, Northern Trust and many more** (around 10 company pattern tests etc. for each **Focus 5 company**) and many more in actual test conditions

- o Practise with full length mock tests
- o **Scoring and analysis of the test is instant and detailed** giving students an opportunity to evaluate their: • Sectional performance
 - Overall performance
 - Ranking
 - Accuracy
 - Answer keys and
 - Understand solutions
 - Know about areas of improvement and how to improve

This ensures students have a continuous learning platform and are in touch with industry requirements without any logistical or monetary burden on the college.

Please refer www.seventhsensetest.com for more information.

Tips for Improvement:

1. Develop a positive mental attitude, the best way to develop aptitude and reasoning skills is *Practice! Practice! Practice.*
2. Analyse and find the topics in which you are weak. Focus more on these topics.
3. Try to learn some shortcuts to improve your speed.
4. All these small things will make big impact on your maths preparation. The Students numerical common sense will improve, It will also help in maths based reasoning questions.
5. Don't just learn the procedure of solving examples, learn the applications
6. Make it a daily routine to cover one topic. When you 10 examples are solved the brain starts thinking in exact direction and next 10 problems will become smooth.

The students were very co-operative and enthusiastic to learn. We would like to thank the Placement Department and the Management Team of **Kammavari Sangham Institute of Technology**, for giving us this opportunity.

Dear Mam,

As discussed last week, I am attaching the brief about the programme.

Also wanted to re-confirm our orientation date on 14th at 1:30 PM.
Please let us know if all the 1st year students(girls) will be
available for the same.

Regards,

An Initiative of Third Sector Partners

**"IF YOU
EDUCATE A
WOMAN, YOU
EDUCATE THE
WHOLE NATION"**

THE ISSUE

50% of women employed globally,
But only 25% in senior leadership
40% of women employed in India
But only 17% in senior leadership

World Bank/FICCI report states that most (64%) employers are either somewhat or not satisfied at all with the capabilities of current engineering graduates. This further compounds the challenges of women from low socio-economic strata, who despite attaining a professional degree, are unable to get quality jobs. They lack relevant exposure, skills and role models in their community to help them navigate the complexities of a corporate life and break the glass ceiling.

HOW WE DO

- 600 hours of blended learning over the four year degree
- One-to-one mentorship
- Assistance with internships
- Industry exposure and corporate interactions
- Access to best in class technology

4 cities (Mumbai, Pune, Bangalore and NCR)

900 directly impacted

380 Alumni in public and private sector or post graduation in India and abroad

Average Starting Salary
Rs. 5 lakhs / \$ 7,962
Average Family Income:
Rs. 1 lakh / \$1,538 per annum

THE POTENTIAL

India can increase its 2025 GDP by 60%, simply by enabling women to participate in the economy.

WHAT WE DO

Katalyst started in 2007 with the intent of liberating women from low income communities, through the pursuit of professional education. The initiative prepares young women for leadership roles, thereby bridging the gender gap in corporate India. Katalyst achieves this objective through a blend of unique development interventions, including our proprietary and scientifically researched curriculum, and personalised mentoring.

When Jyoti started her Engineering degree in Bangalore, her language of comfort was Kannada - "The most intimidating experience was dealing with the English speaking crowd". That's when Jyoti was introduced to Katalyst. Attending training regularly made her stronger both emotionally and intellectually. A defining moment in

JYOTI BHEET

Jyoti's life was the Katalyst One conversation. "I was inspired by the success stories of Katalyst alumni and decided from that moment on never to step back from any challenge, no matter how difficult". In her final year, she was placed at Inera Systems. She then pursued her M.Tech, graduating with 2nd rank in the course. She is currently working with Fujitsu Network Communication.

We are pleased to inform you that we had tie up with **Cocubes** for conducting the **Pre Assessment Test** as well as for providing various opportunities of **Campus Drive**.

To get awareness about the **Cocubes Assessment Test** and various opportunities of **Campus Drives** through **Cocubes**, we had planned **awareness session** on **06th January 2020 at 11.00 AM** in **Conference Hall (NB) KSIT** by **Giridhar Mohan Senior Manager**. It is mandatory & compulsory to attend the session

All HOD's are here by informed to communicate their final year students regarding the same. Placement coordinators should take the attendance and help has to maintain the discipline.

SKILLD

LAND YOUR DREAM JOB

THE ULTIMATE GUIDE TO PLACEMENT

WORKSHOP REPORT

EXCLUSIVE ONLINE WORKSHOP HELD ON 16TH JUNE 2020

KS INSTITUTE OF TECHNOLOGY
KS SCHOOL OF ENGINEERING AND MANAGEMENT

AN INITIATIVE BY GETSKILLD

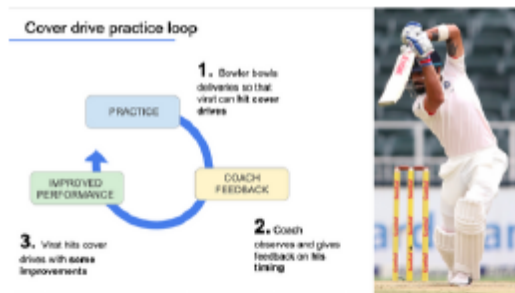

GetSkilld is an expert led coaching program aimed at helping students prepare for job interviews. We provide one-on-one coaching and practice which helps students improve in problem areas that are specific to them.

WORKSHOP OBJECTIVE

- 1) To articulate the challenges ahead when it comes to job placements – both relating to the pandemic as well as other challenges that already exist e.g. challenges with interview process
- 2) To encourage students to start focusing themselves and preparing for the new future – understand the right areas to develop and also ways to develop them. E.g. preparing for job interviews

SESSION DESCRIPTION

The session was a crisp 30 minute workshop on what the students should really expect from the placement process. The facilitator highlighted some unique and very new challenges with placement interviews after which she explained how the students should prepare for the same using examples from the game of cricket. A new interview practice technique called 'Next Level Practice' was introduced for the students and the facilitator explained this using a few examples of common interview questions. The students were also asked to send their own answers to a common interview question basis which they could get a feedback session with the coach.

SESSION HIGHLIGHTS

500+ students registered for the workshop out of which 240+ attended. There were nearly 20 questions during the Q&A session which the facilitator received. Nearly 70% of the students found the program useful and expressed an interest to understand more about the Next Level Practice technique. There were 69 responses to the question asked and the facilitator will accordingly engage with the students through a short 10-15 minute 1:1 feedback session on the phone.

Respected Prof. Harish R,

Greetings from Vaave! Thank you for your time over the phone.

As suggested, here are the details - A total of 55 students from KSIT & KSSEM have attended the webinar we conducted on July 8th, 2020 with Kiran Aidhi (Vice President - HR at Virtusa Corporation). We haven't provided any certificate for this webinar and hence couldn't provide you with one.

I take this opportunity to share with you that we offer hand hold support in **Alumni Relations**, helping institutions in organising webinars & mentoring current students and many more. We are the official alumni engagement partner of 1200+ institutions spread across the globe. We have successfully organised 100 webinars (with Industry experts & Alumni as speakers) during the lock-down and are working towards organising more in the future. For more details - <https://cc.vaave.com>

Here are our happy customers - <https://www.vaave.com/customers.dz>

Let me know in case any further information is required. I'm also available at **Mob/Whatsapp: +91 91006 88850**. Please feel free to reach us. I would be happy to assist you.

I look forward to hearing your thoughts.

Stay Safe & Secure.

Dear Prof. Harish R,

Greetings from Vaave! Hope you are doing well and keeping safe from the coronavirus outbreak.

We are delighted to share with you that Vaave is coming up with another hiring session on hiring during the times of recession from a company's perspective, where hiring the right talent is given a paramount amount of importance.

Corporates are keen on hiring proficient and smart professionals who can cater to their needs with utmost dedication and passion, as to make sure that they are investing in the right talent. Thus it is crucial for an individual and a corporate to know the key indicators for getting hired and to hire.

Attend our webinar, "**Hiring at times of Recession - A Company's Perspective**", scheduled on **8th July at 4 PM** by Kiran Aidhi, Vice President of Human Resources, Virtusa Corporation in conversation with Mr. Paresh Masade, CEO & Founder of Vaave.

We had an excellent feedback from the students regarding the webinar, and some students also wanted to be a part of our training program on full-stack programming. Since we look forward to build a good relation in the future, I hope we can look for some future collaborations that can help students build a better career.

Thanks and have a good day.
