BLOOD DONATION CAMP

Date of Conduction of Program: 13/06/2022

Venue: 5th Floor New Building, KSIT

Organized by: NSS unit

Duration: 9:00am to 4:00pm

Participants: Chief Guest, Principal, C.E.O, NSS PO, HODs, Faculties, NSS volunteers and

students.

SCOPE OF THE PROGRAM

To collect blood to save life.

OBJECTIVES OF THE PROGRAM

To motivate people to donate blood.

HIGHLIGHTS OF THE PROGRAM

The NSS Cell of KSIT under the umbrella of National Service Scheme (NSS) celebrated Blood Donation Camp on 13th June 2022.

Chief Guest - Mrs. Tripti Rao, Mrs. India 2017, Mrs. world Finalist 2017 Entrepreneur, Educator, Media Panelist and Keynote Speaker,

Will Grace the Occasion –

- 1. Sri. R. Leela Shankar Rao, hon Secretory, KammavariSangham,
- 2. Sri. T. Neerajakhulu Naidu, Treasurer, KammavariSangham,

Members of Rotary Bangalore Vidyapeeta in Association with Indian Red Cross Society:

- 1. Rtn.SandeepNijagal, President, R B Vidyapeeta
- 2. Rtn.Ram Joshi, Secretary, R B Vidyapeeta
- 3. Rtn.Dr.Sambashiva Naidu, Treasurer, R B Vidyapeeta

- 4. Rtn. Lokanatha Babu Naidu, Past President, R B Vidyapeeta
- 5. Rtn. D. Rukmangada Babu, Event-Chair, Zone F Governor
- 6. Dr.K.V.A.Balaji, CEO, KSGI
- 7. Rtn. Ravikumar S, President Elect, R B Vidyapeeta
- 8. Rtn. Dr. Meera Uday, Secretary Elect, R B Vidyapeeta
- 9. Mr. Shyamsundar Sir, Rotaract Club
- 10.Dr. Dilip Kumar K, Director/Principal of KSIT
- 11.Dr.Sangappa S B,Directoe,KSGI,
- 12.Mr. Suresh K, Principle, KSP,
- 13.Mr. Naveen V, NSS PO of KSIT
- 14. The HOD's of all the department

All the Faculty members, NSS Volunteers and students were present for the inauguration.

Mr.Haryank (4thsem, Department of Mechanical Engineering), addressed the student and welcomed the guest. Later staff member, NSS volunteers and many students came front and donated blood to save a life.

NSS Volunteers

Tape cutting by The Chief Guest

BP Check before the Blood Donation by one of the Guests

Volunteers Donating Blood

Chief Guest distributing Rotary Club T-Shirts to the Volunteers

Felicitating and Honoring the Chief Guest

Group Pic with The Chief Guest

Registration for Blood Donation

Welcome Speech

PROGRAM OUTCOMES:

At the end of the programme, the following PO's are attained.

NSS	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO 11	PO 12
NSS PROGRAMME			ai .			2	3		3			3

Justification of PO mapping:

- Students can able to assess societal, health, safety, legal and cultural issues and the consequent responsibilities.
- Students can able to Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

Swatch Abhiyan

Date of Conduction of Program: 07/12/21

Venue: |Around KSIT

Organized by: NSS Cell

Duration: 10:30 – 1:30

Participants: Principal, C.E.O, NSS PO, Physical Education Director, HODs and NSS

volunteers.

SCOPE OF THE PROGRAM

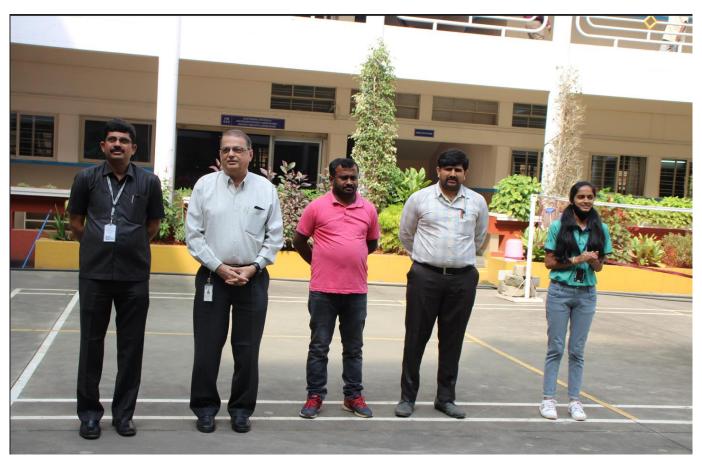

As we know the cleanliness and waste management in an efficient manner is required for a developing nation. With a very bright thought a national campaign by the Government of India had been launched under the name 'Swachh Bharat Abhiyan' go by Honourable Prime minister on 2 October 2014 at Rajghat, New Delhi. Inspired by the Swachh Bharat Abhiyan, KSIT had an assortment of activities and remedial measures planned to clean up the college premises.

OBJECTIVES OF THE PROGRAM

• To clean the college premises.

HIGHLIGHTS OF THE PROGRAM

The NSS Unit of KSIT in the wings of National Service Scheme (NSS) organized 'Swachh KSIT' on 7st December 2021. Dr. Dilip Kumar K, principal of KSIT, Dr. K V A Balaji, CEO of K S Group of Institutions, Mr. Naveen V, NSS PO and Mr. Umesh S, Physical Education Director inaugurated the function. All the Heads of the department, NSS committee members, teaching and non-teaching staffs and NSS Volunteers were present in the event. Principal, CEO and NSS PO addressed the gathering. Later, the volunteers were divided into five teams: Kuvempu, Vishveshwaraya, Sangolli Rayanna, Kitoor Rani Chenamma and Vivekananda. Team Kuvempu took the incharge of cleaning the parking lot and footpath near the front and back gate. Team Vishveshwaraya were given incharge to clean backside of the college. Team Sangolli Rayanna were given incharge to clean the playground. Team Kitoor Rani Chenamma were given incharge to clean near the lawn. Team Vivekananda were given incharge to remove the unwanted posters in the college. After the cleaning, refreshments was provided to everyone.

PROGRAM OUTCOMES:

At the end of the programme, the following PO's are attained.

NSS	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO 11	PO 12
NSS PROGRAMME			ai .			2	3		3			3

Justification of PO mapping:

- Students can able to assess societal, health, safety, legal and cultural issues and the consequent responsibilities.
- Students can able to Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

FIRE EXTINGUISHER – DO's and DON'Ts

Date of Conduction of Program: 01/12/2021

Venue: KSIT

Organized by: NSS UNIT

Duration: 2:30 pm - 4:00 pm

Participants: Principal, C.E.O, Director-Admissions PRO, NSS PO, Physical Education

Director, HODs, Faculties, NSS volunteers and students.

SCOPE OF THE PROGRAM

Fire Prevention is to eliminate the causes of fire, prevent loss of life and property by fire, and to comply with the Occupational Safety and Health Administration's. Fire extinguishers play a vital role in any fire protection plan in any environment. They are a first aid response to fire and can help prevent catastrophic damage to property and even loss of life. Also, fire extinguishers limit the amount of pollution that is caused by smoke and burning debris. The whole objective of the program is to address the precautionary measures to be taken during the fire accidents.

OBJECTIVES OF THE PROGRAM

• To create awareness about the preventive measures during the fire accidents.

HIGHLIGHTS OF THE PROGRAM

The NSS Unit of KSIT in the wings of National Service Scheme (NSS) organized an event on 'Awareness about fire accidents' on1st December 2021. Dr. Dilip Kumar K, principal of KSIT, Dr. K V A Balaji, CEO of K S Group of Institutions, Mr. Naveen V, NSS PO, Mr. Umesh, PED, Heads of the all Departments, teaching and non-teaching staffs, NSS Volunteers and students were present in the event. The usage of fire extinguisher was demonstrated and the necessary precautionary measures were outlined as a part of the program.

Addressing the usage about the fire extinguisher

Live Demonstration of the usage of fire extinguisher

Group Photo of Dignitaries along with the NSS volunteers

PROGRAM OUTCOMES:

At the end of the programme, the following PO's are attained.

NSS	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO 11	PO 12
NSS PROGRAMME			ai .			2	3		3			3

Justification of PO mapping:

- Students can able to assess societal, health, safety, legal and cultural issues and the consequent responsibilities.
- Students can able to Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

FREE VACCINATION DRIVE AT KSIT CAMPUS

ON 6™JULY 2021 Organized by COVID-19 CELL & NSS CELL K.S. INSTITUTE OF TECHNOLOGY

In Association
with
Mobile Premier League Sports Foundation and Manipal Hospitals

CONTENTS

Covid Vaccination cell has been constantly conducting events to create awareness among student and faculty community at KSIT. One more important step towards eliminating COVID was to get the vaccination done at college campus to all staff and students. The UGC and VTU, Belgavi have instructed institutions to conduct vaccination drive at the college campus. Hence free vaccination drive was conducted on 6/7/21 in association with Manipal hospitals and Mobile Premier league under the COVID cell and NSS cell.

OBJECTIVES:

- To eliminate the corona virus.
- To provide safety precaution to students and faculty.
- To create a healthy environment at the institution level.

Inaguration of the Free vaccination drive by Honourable President of Kammavari Sangha, Sri R Rajagopal Naidu along with Sri T Neerajakshulu Naidu, Treasurer, Principal, MPL team and Manipal Hospitals team.

Dignitaries on the Dias

Sri R Rajagopal Naidu Honourable President of Kammavari Sangha addressingthe gathering

Sri T Neerajakshulu Naidu, Treasurer Welcoming the MPL team cheif cordinator

Dr. K V A Balaji, CEO, KS Group of Institutions welcoming the manipal team for vaccination drive

Dr. Dilip Kumar K, Principal welcoming members of Manipal Hospital team

Counter1

Dr Devika B and Dr Sudarshan B at counter 1 confirming the registered participants

Students maintaining social distance and waiting for their turn for vaccination

Students queue

Counter2

Students made to sit at conference hall for vaccination maintaining covid protocols

Counter3

Dr Rekha N at counter 3 checking details

Counter 4

Registering in the portal for vaccination

Manipal Hospital team ready to administer the vaccination

Manipal Hospital team administering vaccination to students

Manipal team administering vaccination to staff

Manipal Hospital team administering vaccination to NSS volunteers

Students sharing their experiences after vaccination

NSS volunteers along with MPL team

Dr. Sureka B and Dr. Nagprasad with Manipal Hospital team.

Management of Kammavari Sangham with IPL team and Dr. Sangappa and Dr. Surekha B

Sucessfull Vaccination of students and staff which was organised by COVID cell and NSS cell

SUMMARY:

• Date of Event: 6th July 2021

• Total number of vaccination receipients:384

• Total students vaccinated: 295

• Total staff vaccinated:50

• Neighbourhood:39

PROGRAM OUTCOMES:

At the end of the programme, the following PO's are attained.

NSS	PO1	PO2	PO3	PO4	PO5	PO6	PO7	PO8	PO9	PO10	PO 11	PO 12
NSS PROGRAMME			ai .			2	3		3			3

Justification of PO mapping:

- Students can able to assess societal, health, safety, legal and cultural issues and the consequent responsibilities.
- Students can able to Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
- Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
- Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change

ACTIVITY HEAD 4: TOURISM PROMOTION INNOVATIVE APPROACHES

1. INTRODUCTION

India is a great country with a haven of tourism delights like wealth of sights, cultural exuberance, and diversity of terrain. It is no doubt a place of wonder, with creative burst of cultures, races, and religions, over a billion people, 15 official languages, and gifted nature's beauty.

Tourism is basically, movement of people from one destination to another. The journey is the dynamic element and rest is static the element of tourism. Movement and stay are temporary in nature not associated with any paid work or employment. Tourism is a new field of study and its understanding involves many definitions which have to be analysed systematically. In this regard it has been observed, "Tourism as an area of study has towards the end of the twentieth century, a valid claim to be an emerging"

2. OBJECTIVE

- Tourism promotion means stimulating sales through the dissemination of information. It means trying to encourage actual and potential customers to travel.
- To make tourist product widely known.
- To make it very attractive in order to encourage many people to try it.
- To make the message attractive without being dishonest.

3. ABOUT THE PLACE

MURUDESHWAR

Murudeshwar is home to the second tallest statue of Lord Shiva (123 ft) in the world. With the shimmering Arabian Sea on three sides and the magnificent Western Ghats imposing their presence on this town, it is a favourite picnic spot for the folks from Kerala and Karnataka. The beaches and the adventure activities around Netrani island are significant attractions for the tourists.

KUMTA

Kumta is a town and a taluk in the Uttara Kannada district of Karnataka, India It is one of the important stations along the Konkan Railway line running between Mumbai and Mangalore. The city of Kumta is located on the Arabian sea coast in the district of North Kannada in the state of Karnataka. Kumta is adjacent to the vast western ghats. It has an average elevation of 3 metres (9 feet). To the north of city, the major Aghanashini river joins the Arabian Sea on her way rendering stunning scenery. The town of Gokarna near Kumta is famous for beaches. A nearby Rock Climbing spot called Yana is also beautiful with its massive black rock formations and nature trails.

SIRSI

Sirsi is a moderate city in Uttara Kannada district, Karnataka, India. Sirsi was also known as Kalyanapattana during the Sonda Dynasty.

Sirsi is a tourist destination with a population of 155,079. It is the largest town, a main commercial centre and a business hub in Uttara Kannada district. The town is surrounded by forest, and the region has a number of waterfalls. The main businesses around the city are mostly subsistence and agriculture-based. *Adike* (also known as *supari*, areca nut or betel nut) is the primary crop grown in the villages that surround the city, making it one of the major trading centres for areca nut. The region is also known for spices such as cardamom, pepper, betel leaves, and vanilla. The major food crop is paddy.

KODACHADRI

Kodachadri is a mountain peak with dense forests (elevation - 1,343 metres above sea level) in the Western Ghats in South India, 78 km from Shimoga. It is declared as natural heritage site by the Karnataka Government, and it is 13th highest peak of Karnataka. Kodachadri seems to have attracted the attention of humankind since early pre history. Several monolithic structures or menhirs were built here in prehistoric times. Rocks with dimensions greater than 12 feet were used in their construction. These large structure can be found just 20 Kilometers outside of Nagara-Nilsakal.

YELLAPURA

Yellapura is a town in the Uttara Kannada district of Karnataka, India. It is a major trading centre for Arecanut, which is the primary crop grown in the villages surrounding the city. Approximately 90% of the population of Yellapura are farmers who grow Arecanut and paddy. Yellapur is located in the Western Ghats region of Karnataka. It has an average elevation of 541 metres (1774 feet). Among many other hills and valleys, there are two well-known natural falls near Yellapur: Satoddi Falls, 25 km away from the town, and Magod Falls, 19 km away from Yellapur, in the village of Magodu. 17 km from Yellapur is Jenukallu Gudda (Honey-Stone Hill), a viewpoint with a panoramic view of the Western Ghats.

JOG FALLS

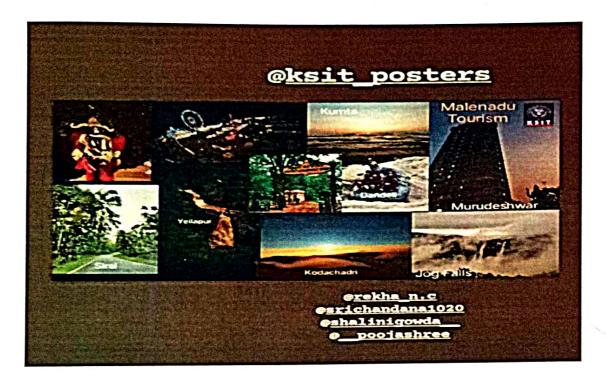

Jog Falls is created by the Sharavati dropping 253 m (830 ft), making it the third-highest waterfall in India after the Nohkalikai Falls with a drop of 335 m (1,099 ft) in Meghalaya and the Dudhsagar Falls with a drop of 310 m (1,020 ft) in Goa.

Sharavathi, a river which rises at Ambutirtha, next to Nonabur, in the Thirthahalli taluk takes a northwesterly course by Fatte petta, receives the Haridravati on the right below Pattaguppe and the Yenne Hole on the left above Barangi. Then, it bends to the west, precipitates itself down the Jog Falls (aka Gersoppa Falls), and passes the village of Gersoppa (properly Geru-Sappe), which is some 30 kilometres (19 mi) away, discharging into the Arabian Sea at Honnavar in Uttara Kannada.

4. CONCLUSION

Tourism is the important part of a country's economy as more tourism for a country means more investment by people in some country. Bounded by the Himalayan ranges in the north and surrounded on three sides by water Arabian sea bay of Bengal and Indian ocean india offers a wide array of places to see and things to do. It benefits the tourist in the sense that it gives them more insight about India.

INTRODUCTION

Tourism is travel for pleasure or business; also the theory and practice of touring, the business of attracting, accommodating, and entertaining tourists, and the business of operating tours. The World Tourism Organization defines tourism more generally, in terms which go "beyond the common perception of tourism as being limited to holiday activity only", as people "traveling to and staying in places outside their usual environmentfor not more than one consecutive year for leisure and not less than 24 hours, business andother purposes". Tourism can be domestic (within the traveller's own country) or international, and international tourism has both incoming and outgoing implications on a country's balance of payments.

Tourism numbers declined as a result of a strong economic slowdown (the late-2000s recession) between the second half of 2008 and the end of 2009, and in consequence of theoutbreak of the 2009 H1N1 influenza virus, but slowly recovered until the COVID-19 pandemic put an abrupt end to the growth. The United Nations World Tourism Organization estimated that global international tourist arrivals might decrease by 58% to78% i2020, leading to a potential loss of US\$0.9–1.2 trillion in international tourism receipts.

Globally, international tourism receipts (the travel item in balance of payments) grewto US\$1.03 trillion (€740 billion) in 2005, corresponding to an increase in real terms of 3.8% from 2010.^[7] International tourist arrivals surpassed the milestone of 1 billion touristsglobally for the first time in 2012, emerging source markets such as China, Russia, and Brazil had significantly increased their spending over the previous decade.

Platform used for promoting Tourism places across INDIA

Instagram:

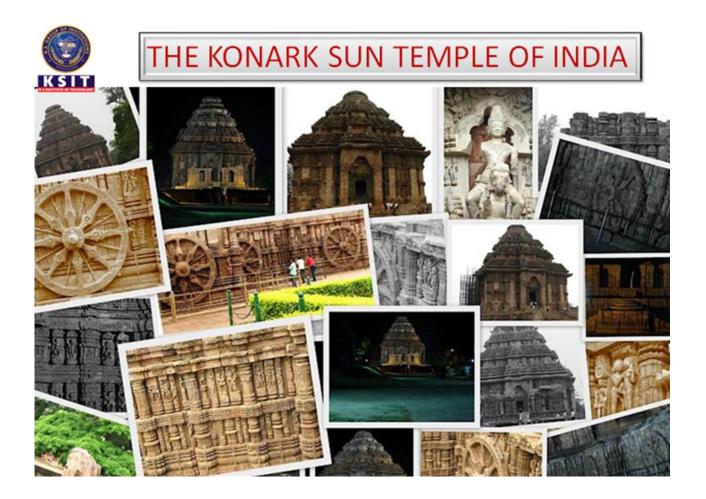

Instagram is an American photo and video sharing social networking service founded in 2010 by Kevin Systrom and Mike Krieger, and later acquired by Facebook Inc.. The app allows users to upload media that can be edited with filters and organized by hashtags and geographical tagging. Posts can be shared publicly or with preapproved followers. Users can browse other users' content by tag and location, view trending content, like photos, and follow other users to add their content to a personal feed.

Users can upload photographs and short videos, follow other users'feeds, and geotag images with the name of a location. Users can set their account as "private", thereby requiring that they approve any new follower requests. Users canconnect their Instagram account to other social networking sites, enabling them to share uploaded photos to those sites. In September 2011, a new version of the app included newand live filters, instant tilt—shift, high-resolution photographs, optional borders, one-click rotation, and an updated icon. Photos were initially restricted to a square, 1:1 aspect ratio; since August 2015, the app supports portrait and widescreen aspect ratios as well. Users could formerly view a map of a user's geotagged photos. The feature was removed in September 2016, citing low usage.

Since December 2016, posts can be "saved" into a private area of the app. The feature wasupdated in April 2017 to let users organize saved posts into named collections. Users can also "archive" their posts in a private storage area, out of visibility for the public and otherusers. The move was seen as a way to prevent users from deleting photos that don't garnera desired number of "likes" or are deemed boring, but also as a way to limit the "emergentbehaviour" of deleting photos, which deprives the service of content.

Poster for promotion

OBJECTIVE:

The objective of the activity was to promote tourism which in turn will promote social development. When the visits of tourists, exchange of the social culture take place. It enhances the standard of living. This helps the people to explore and know about many places around. The main objective is Environmental Education and Habitat Preservation.

DESCRIPTION:

The temple is constructed in a stunning design of colossal chariot with twenty-four wheels drawn towards the dawn by seven galloping horses which gives the impression of carrying Sun god across heaven. These seven horses which pulls the temple eastwards represents the days of the week.

The main entrance of the temple is the eastern gate where the statues of two lions killing war elephants are installed. Beneath the elephant is a man. Here the statue of lion symbolizes pride and elephant symbolizes money which further displays that these two errors (pride and money) can destroy a human being completely.

The massive structure of the temple has a pyramidal roof made of sandstone that rises 30m in height. It is embellished with highly sophisticated and cultured iconographies that depict the day-to-day activities of contemporary life. Temple's base is covered with sculptures consisting deities like lord Vishnu, lord Shiva and goddess Shakthi are intricately carved and scenes of life at court.

There are some mythical creatures also drawn on the walls that separate these figures by the drawings of birds and animals like snakes, giraffe and elephants. Another uniqueness of this temple is the massive iron beams that are placed in between every two stones. These beams are used to construct the higher floors of the temple. The other exclusivity of this place is, the peak of the main temple was created using 52 tons of magnet.

The arrangements of the main magnet and the other magnets in its unique way resulted the main idol of the temple to float in air. Like many other Indian temples, Konark Sun temple also consists of several well-structured spatial units. The elaborate view of the Sun temple displays the intricately carved audience hall 'Jagamohana' which is towards eastern side of the temple.

The roof of Jagamohana hall is made of horizontal tiers grouped in three stages with life-size female sculptures and two stupendous crowning members surmount the whole. In front and farther to the east is the dancing hall 'Nata mandir'. The principal sanctuary of the temple was surmounted by a high tower with a crowning cap called 'Shikara' that was razed in 19th century.

The aesthetical and visually overwhelming sculptures depicted on the plinth of the temple in between music.

Conclusion

Tourism is a major driver of economic growth globally. India's tourism industry is experiencing a strong period of growth, driven by the burgeoning Indian middle class, growth in high spending foreign tourist and coordinated government campaigns to promote'Incredible India'. For a developing country like India which is on the path of modern economic growth through structural transformation of the economy, tourism is the right vehicle. With its forward and backward linkages with a host of sectors like transport, hospitality, education, health, banking etc. India is all set to reap full potential of this vibrant sector.

Tourism sector is not only a major contributor to the growth of the economy but a generator of employments opportunities as well. Various initiative has also been taken by the Tourism Ministry of India, the Tourism Ministry of various states and the private players to transform India into a lucrative tourist destination in the world. Let us hope that Indian tourism will have massive impact and will be a global leader by the year 2020.

INTRODUCTION

Safe blood saves lives. Blood is needed by women with complications during pregnancy and childbirth, children with severe anemia, often resulting from malaria or malnutrition, accident victims and surgical and cancer patients.

you're essentially giving the gift of life to someone in need in your community. Blood donations are constantly needed to ensure that there's an ample fresh supply on hand to provide for those who need blood transfusions because of illness or injury.

There's no end to the benefits of donating blood for those who need it. According to the American Red Cross, one donation can save as many as three lives, and someone in the United States needs blood every two seconds. It turns out that donating blood doesn't just benefit recipients. There are health benefits for donors, too, on top of the benefits that come from helping others. Read on to learn the health benefits of donating blood and the reasons behind them.

OBJECTIVES

- Provide safe and quality blood and blood components collected from voluntary donors, round the clock, at affordable cost to the general public and free of cost to the poor.
- Ensure safety and quality of blood.
- Many people think that keeping the house clean is enough. However, we need to realize that we need to keep our country clean too. Instead of thinking that it's someone else's responsibility, we need to take on ourselves to make that we don't contribute negatively to the country's environment.
- Motivate and maintain a permanent well-indexed record of voluntary blood donors.
- Educating the community on the beneficial aspects of blood donation and harmful effect of collecting blood from paid donors.

During the donation

You must register to donate blood. This includes providing identification, your medical history, and undergoing a quick physical examination. You'll also be given some information about blood donation to read. Once you're ready, your blood donation procedure will begin. Whole blood donation is the most common type of donation. This is because it offers the most flexibility. It can be transfused as whole blood or separated into red cells, platelets, and plasma for different recipients.

For a whole blood donation procedure:

- You'll be seated in a reclining chair. You can donate blood either sitting or lying down.
- A small area of your arm will be cleaned. A sterile needle will then be inserted.
- You'll remain seated or lying down while a pint of your blood is drawn. This takes 8 to 10 minutes.
- When a pint of blood has been collected, a staff member will remove the needle and bandage your arm.

Other types of donation include:

- platelet donation (plateletpheresis)
- plasma donation (plasmapheresis)
- double red cell donation

These types of donations are performed using a process called apheresis. An apheresis machine is connected to both of your arms. It collects a small amount of blood and separates the components before returning the unused components back to you. This cycle is repeated several times over approximately two hours.

Once your donation is complete, you'll be given a snack and a drink and be able to sit and rest for 10 or 15 minutes before you leave. If you feel faint or nauseous, you'll be able to lie down until you feel better.

The following are some suggestions to help you prepare for donating blood:

- Drink an extra 16 ounces of water before your appointment.
- Eat a healthy meal that's low in fat.
- Wear a short-sleeved shirt or a shirt with sleeves that are easy to roll up.

ABOUT THE EVENT

On 13th June 2022, the NSS department of KSIT in association with "Indian Red cross Society" had organized a blood donation camp in K.S institute of technology in Bangalore.

The donation camp was at the institute for the whole day, it was a proud moment donating the blood for the first time, we also encouraged others in our institute to do the same. The doctors present were very friendly and were doing their job smoothly.

OUTCOME OF THE EVENT

Regular blood donation is linked to lower blood pressure and a lower risk for heart attacks. "It definitely helps to reduce cardiovascular risk factors,"

"Giving blood is a way to engage in the immediate community and help people around you," Donating blood has benefits for your emotional and physical health.

- reduce stress
- improve your emotional well-being
- benefit your physical health
- help get rid of negative feelings
- provide a sense of belonging and reduce isolation

CONCLUSION

A majority of the donors were willing to be regular donors. The donors showed positive effects like a sense of satisfaction after the donation. Creating an opportunity for blood donation by conducting many blood donation camps may increase the voluntary blood donations.

Free Vaccination Drive At KSIT Campus

On 6th july 2021 Free Vaccination Drive was Organized by Covid-19 cell & NSS cell K.S. Institute of technology. In Association with Mobile Premier League Sports Foundation and Manipal Hospitals.

Covid Vaccination cell has been constantly conducting events to create awareness among student and faculty community at KSIT. One more important step towards eliminating COVID was to get the vaccination done at college campus to all staff and students. The UGC and VTU, Belgavi have instructed institutions to conduct vaccination drive at the college campus. Hence free vaccination drive was conducted on 6/7/21 in association with Manipal hospitals and Mobile Premier league under the COVID cell and NSS cell.

OBJECTIVES:

- To eliminate the corona virus.
- To provide safety precaution to students and faculty.
- To create a healthy environment at the institution level.

NSS volunteers along with MPL team

Manipal Hospital team administering vaccination to NSS volunteers

Manipal team administering vaccination to staff

Students sharing their experiences after vaccination

Conclusion

Citizens above the age of 12 can book appointments through the COWIN platform or can do a Walk-In registration on site. All Counter at K.S.I.T have registration desks, vaccine booths and observation rooms. Vaccine certificates can be downloaded digitally through the COWIN platform, or citizens can ask for a hard copy from vaccination centres. Students, Staff And Parents vaccinated in large number.

- Total number of vaccination receipients:384
- Total students vaccinated: 295
- Total staff vaccinated:50
- Neighbourhood:39

Activity program on "Contribution to national level initiative of Government of INDIA" was organized by Department of Electronics and Communication Engineering, KSIT, Bengaluru for 5th Semester ECE students on 09/12/2021. The program is on protecting the environment to raise awareness about the importance of preserving the planet's natural resources. Details of the program are attached. Around 104 ECE students had taken part under the activity.

CHAPTER 1 INTRODUCTION

The environment is a vital component of the planet we call home, providing the resources necessary for life to thrive. However, in recent times, human activity has put an unprecedented strain on the environment, leading to widespread environmental degradation and damage to ecosystems. It has become increasingly clear that protecting the environment is not only important for preserving the planet's natural beauty, but it is also essential for maintaining the health and well-being of all living beings, including humans. There are many reasons why we should protect the environment, including mitigating the impact of climate change, preserving biodiversity, and ensuring a sustainable future for generations to come. In this context, it is essential to recognize the urgency of taking action to protect the environment and to consider the long-term consequences of our actions on the planet.

As the human impact on the environment continues to worsen, it has become clear that we need to take immediate action to protect our planet for future generations. That's why this marathon has been organized with the aim of raising awareness about the importance of protecting the environment and raising funds to support environmental conservation efforts. This marathon provides an opportunity for individuals from all walks of life to come together and show their support for this vital cause. Participants will have the chance to challenge themselves physically while also contributing to a cause that is critical to the future of our planet. In this essay, we will explore the significance of this event and the ways in which it can help to drive positive change for the environment.

Department of Electronics and Communication, KSIT, organized a 5K marathon "KSGI PARISARA" on 4th March 2022, sponsored by Gold's gym, to bring about awareness in people to Save the Environment. All living things survive within their own favorable zones of the environment - thus the environment is not something that can be neglected easily without caring for it. It is very important for us to protect our environment, so that we can continue to live on this planet - in a healthy and safe atmosphere.

CHAPTER 2 OBJECTIVES

The main objective is -

- Raise Awareness: One of the primary objectives of a marathon with the cause of protecting the environment is to raise awareness about the importance of preserving the planet's natural resources. By organizing a marathon, we can attract a broad audience and engage them in discussions about the environment and the challenges it faces. Through various activities and events associated with the marathon, we can educate participants and the community on the ways in which they can contribute to protecting the environment.
- Promote Healthy Lifestyle: A marathon with the cause of protecting the environment can also promote a healthy lifestyle by encouraging physical activity and exercise. By participating in the marathon, individuals can improve their health and well-being while also contributing to the cause of protecting the environment.
- Reduce Carbon Footprint: The marathon can be organized in an environmentally responsible manner by
 taking measures to minimize the carbon footprint. This includes minimizing the use of single-use plastics,
 encouraging participants to carpool or use public transport, and using renewable energy sources to power
 the event.
- Engage Youth: A marathon with the cause of protecting the environment can also be used to engage youth and encourage them to become environmentally conscious and active. By participating in the marathon, youth can learn about the importance of protecting the environment and become inspired to take action to make a positive impact on the planet.
- Showcase Innovation: The marathon can showcase innovative solutions to environmental challenges, such as renewable energy technologies, sustainable agriculture practices, and green building designs.
 Participants can learn about these innovative solutions and be inspired to adopt sustainable practices in their own lives.
- Foster Collaboration: A marathon with the cause of protecting the environment can foster collaboration between different organizations, such as environmental non-profits, government agencies, and businesses. These organizations can work together to identify and implement sustainable solutions to environmental challenges. Collaboration can lead to more effective and impactful environmental initiatives that can have a lasting positive impact on the planet.

ABOUT EVENT

From the 2nd week of Feb, the campaigning for marathon had begun to make our fellow students of KSGI aware of the upcoming big event. The registrations began soon after the campaigning, thereby making an amazingly enthusiastic crowd. All the participants were given a sweatshirt for the marathon.

On the marathon day, all the participants assembled at the quadrangle of KSIT at 6:00AM. The runners comprised of KSGI students and staff, with several people from Gold's gym as well. The bibs were distributed to every participant. The participants were then prepped up for the marathon with some warm-up. Dr. Dilip Kumar, Principal, KSIT, Sri. R Rajagopal Naidu, President, KSGI and Sri. Leela Shankar Rao, Hon. Secretary, KSGI and Sri. T.Neerajakshulu, Treasurer, KSGI inaugurated the marathon by giving a good start to the students.

The run started from KSIT for 5kms, with 5 stalls in total, at every 1km. Each stall was provisioned with glucose, water, and first-aid kits, to boost the runners up and to assist them throughout the run.

The volunteers and coordinators played a very important role in ensuring a smooth flow of the entire run. There were volunteers who were leading the marathon on their vehicles to assist the runners along the track, and few at the back to ensure that the participants were moving forward, and few back-and-forth to assist the runners with a comfortable and a safe run.

After a successful completion of the marathon, buses were arranged for the runners to bring them back to the college. Once the all the participants returned to the college, breakfast was offered to all.

CHAPTER 4 OUTCOME OF THE EVENT

We collaborated with Gold's gym and their members along with some dignitaries of KSGI. We organized marathon to start at the back gate of KSIT, Raghuvanahalli.

Halfway of the 5K run, the participants inspiring pedestrians and raising awareness among the public. Whilst we Volunteers looked after the participants, ready to assist them in case of emergencies along with medical support.

Celebrating the completion of 5K run by all the participants whilst holding the finish-line banner, indicating the success of this event.

We distributed Prizes to the top three contenders in both male and female categories, we also handed out medals to all the participants who have successfully completed the marathon.

We volunteers celebrating the success of this event along with some of the participants and Head of TC department, KSIT.

CHAPTER 5 CONCLUSION

In conclusion, organizing a marathon with the cause of protecting the environment can have many benefits, including raising awareness, fundraising, promoting a healthy lifestyle, reducing carbon footprint, fostering collaboration, encouraging advocacy, engaging youth, showcasing innovation, and demonstrating leadership. By coming together as a community to support environmental initiatives, we can make a positive impact on the planet and help ensure a sustainable future for generations to come. The marathon can serve as a platform for individuals, organizations, and businesses to collaborate and work towards a common goal of protecting the environment. It can also inspire participants to adopt sustainable practices in their daily lives and advocate for environmental policies that promote conservation and sustainability. In this way, a marathon with the cause of protecting the environment can be a powerful tool for promoting environmental awareness and action.

Furthermore, a marathon with the cause of protecting the environment is a way to connect people to nature and raise awareness about the importance of preserving our natural resources. The event can take place in a natural setting, such as a park or a trail, providing participants with an opportunity to appreciate the beauty of the environment and the importance of protecting it. This helps individuals develop a greater sense of responsibility and commitment to environmental conservation.

Organizing a marathon with the cause of protecting the environment helps in building a sense of community and solidarity around environmental issues. Participants come from diverse backgrounds and organizations, all united in their commitment to protecting the planet. This sense of community can help build momentum for environmental initiatives and inspire others to take action.

Finally, a marathon with the cause of protecting the environment can be a way to demonstrate the potential of sustainable practices and technologies. The event showcases renewable energy sources, sustainable transportation, and environmentally-friendly practices. This helps in promoting the adoption of these practices in other events and in daily life, ultimately contributing to a more sustainable future for all.

Overall, a marathon with the cause of protecting the environment can have many benefits, including raising awareness, fundraising, promoting healthy lifestyles, fostering collaboration, engaging youth, showcasing innovation, and demonstrating leadership. By working together towards a common goal of protecting the environment, we can make a positive impact on the planet and ensure a sustainable future for generations to come.
